April 24, 2012

8:00 AM – 5:00 PM

Breezy Hill Water & Sewer
506 Bettis Academy Road
Graniteville, SC 29829
(803) 359-0765

Cementitious Piping O & M Annual Training: Required Asbestos Training Program for Public Works Personnel

Instructed by Frost Training & Consulting

This single 8-hour course has been designed specifically for the Public Works Sector for working with cementitious pipes containing asbestos and meets both the OSHA and DHEC standards for your Initial Asbestos Certification and/or for your Annual Refresher Training.

The class includes both classroom training and hands-on practical training where students will be divided into groups and actually perform proper procedures such as cutting pipe, use of wet-cutting methods, and setting up a Regulated Area, Waste Disposal Area and Decontamination Area and much more.

On completion of this course attendees will receive both SCRWA issued licensing CEU credit and a certificate for CEMENTITIOUS PIPING O&M ANNUAL CERTIFICATION, which can be submitted to SCDHEC to be included on your facility's Annual Group License.

Participants should bring hard hat and eye protection to class

8 CEU's + Certification Certificate will be awarded upon completion of this class

Fee: \$150/attendee

Pre-Registration is required: Sign up at www.SCRWA.org

Billy Frost, owner of Frost Training & Consulting, LLC. Billy is an approved Asbestos Instructor for the Cementitious Piping O & M Annual Training and is a former SC OSHA Trainer who operates a safety consulting company in Lexington, S.C.
